

## Project Title

Rolling Hills Water Meter Project (Project)

## Project Location

The Project site consists principally of the Rolling Hills unincorporated community within Madera County. A rural residential subdivision, located in southeast Madera County, approximately 150 miles southeast of Sacramento and 115 miles north of Bakersfield. The community encompasses an area of approximately 390-acres (0.6 square miles).

Coordinates of centroid of Project area: 36° 54' 17.338" N, 119° 47' 50.306" W.

## General Plan Designation and Zoning

Project Area	General Plan Designation	Zoning District
<b>ONSITE</b>	VLDR- Very Low Density Residential, CC-Community Commercial	RRS- Residential, Rural Single Family RRM-Residential, Rural Multi-Family CRM-Commercial, Rural Median Dist.
<b>ADJACENT LANDS</b>	LDR- Low Density Residential	GV-R: Gateway Village, Rural

## Description of Project

The Project entails the construction of approximately 2,750 linear feet of 12-inch Polyvinyl chloride (PVC) water main in Avenue 11, and 2,750 linear feet of 8-inch PVC water main in Mountain View Drive and Adobe Way. The alignment of this water main will be located within the County right-of-way. Any existing water main in Avenue 11 will be abandoned in place. Additionally, new water meters and meter boxes will be installed at 339 properties within the RHWS. The improvements will all be incorporated into the existing RHWS, which is currently being fed by three active wells providing safe, clean drinking water.

The Project also includes a full facility refurbishment of the Well No. 2 site, including the well pump and all other well site facilities that have exceeded their life expectancy. The well casing will be sleeved if determined necessary during a well investigation. The Project also includes the addition of cathodic protection to the water storage tank.
