Project Description: (please use a separate page if necessary)

The Town of Tiburon seeks to adopt a comprehensive, long-term general plan for the physical development of its planning area. The Plan will include land use, circulation, housing, conservation, open space, noise, and safety elements, and address environmental justice and climate adaptation. Upon adoption, the General Plan 2040 would replace the Town's existing General Plan, which was last comprehensively updated in 2006 with an update to the Housing Element adopted in 2016. The Town would implement the General Plan by requiring development, infrastructure improvements, and other projects to be consistent with its policies and by implementing the actions included in the Plan, including subsequent project-level environmental review.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
