**Present Land Use/Zoning/General Plan Designation:**

paved roadway and unpaved road shoulder, no General Plan or zoning designations (public right-of-way)

**Project Description:** *(please use a separate page if necessary)*

The proposed project includes construction of approximately 9,000 LF of new 18-inch recycled water pipeline that would interconnect two existing transmission laterals located along Wood Road and Las Posas Road. The purpose of the project is to facilitate increased transfer of existing water supplies available to the both the PVCWD service area and adjacent United Water Conservation District's Pumping Trough Pipeline system, specifically water supplied by the City of Oxnard's Advanced Water Purification Facility and the Conejo Creek Diversion Structure. The project would not enable the use of new water supply sources in the PVCWD service area.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

**Reviewing Agencies Checklist**

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
