Project Title: PWD Solar Energy Project

Lead Agency: Palmdale Water District

Contact Name: Adam C. Ly

Email: aly@palmdalewater.org Phone Number: 6614561062

Project Location: Palmdale, Los Angeles County

City

County

Project Description (Proposed actions, location, and/or consequences).

Palmdale Water District (PWD) is proposing to install solar facilities at the District ' s Headquarters (HQ Site) located at 2029 East Avenue Q, Palmdale, CA and solar facilities and battery energy storage system at the 6-million-gallon (MG) Tank Site (Tank Site) located at 641 E Avenue S, Palmdale, CA at the intersection of East Avenue S and Sierra Highway (herein referred to as the Project). The District is undertaking this Project to mitigate rising energy costs and provide an alternative energy source for District operations.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The main issues are as aesthetics, air quality, biological resources, geology, and tribal cultural resources. Only aesthetics and air quality might have potentially significant effects. There is mitigation effort to reduce these effect. For example, artificial plant will be use to blend the facilites into the area for improved aesthetics. Watering will be use during grading to reduce dust in the area. The attached Study provides plans for contractor to follow in dealing with each issues identified.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None.

Provide a list of the responsible or trustee agencies for the project.
