email: EHE@co.lassen.ca.us

Lassen County has initiated the process of amending the safety element of the existing *Lassen County General Plan*, and is opening a period of public review for the draft of said safety element and its associated draft negative declaration with supporting initial study.

Government Code sections 65302 and 65302.5 list agencies that must be provided a draft copy of the proposed safety element amendment for review prior to adoption by the Board of Supervisors. In addition to the agencies listed in the above sections, other agencies are being provided a copy of this memorandum and are welcome to comment. The draft safety element amendment must be provided to agencies 45 to 90 days prior to adoption of the amendment, depending on the agency. We ask that you complete your review and provide any comment that you may have to this Department within the time allocated by the above codes.

Adoption of the proposed safety element amendment will occur no sooner than 90 days from the date of this memorandum. However, intermediary steps that occur prior to adoption of the amendment by the Board of Supervisors (e.g. consideration by the Planning Commission) may occur during this 90-day period. You will be provided notice of any public meeting, whether it be with the Planning Commission or the Board of Supervisors.

Full versions of the draft safety element and the draft negative declaration with supporting initial study can be found on the following webpage:

<https://www.lassencounty.org/dept/planning-and-building-services/environmental-documents-noticing-and-attachments>

If you have any questions regarding this letter, please contact Nancy McAllister, Senior Planner, at (530) 251-8269.
