

**City of  
Santa Clara**  
The Center of What's Possible

# NOTICE

NOTICE OF AVAILABILITY  
for Public Review of a  
**Mitigated Negative Declaration**  
Distribution Date: November 18, 2022

As authorized by the City of Santa Clara as a Lead Agency, the City hereby provides a minimum **20-day public review** period for a **Mitigated Negative Declaration** prepared pursuant to the California Environmental Quality Act (CEQA) for the following project:

Project title: Homestead Substation Rebuild Project  
Location: Northwest quadrant of the intersection of Homestead Road and Kiely Boulevard, in the City of Santa Clara, APN: 290-39-064. The project site is approximately 1.2 acres, located at located at 37°20'20"N 121°58'42"W on township and range Mount Diablo Meridian, T. 7 S., R. 1 W, Government Lot L 44.  
Applicant: Silicon Valley Power  
Owner: City of Santa Clara  
Request: Adoption of a Draft Mitigated Negative Declaration for the rebuild of an existing substation; request for comments on draft document

## INITIAL STUDY DETERMINATION

An Initial Study was completed by Aspen Environmental Group on behalf of Silicon Valley Power, in accordance with the California Environmental Quality Act (CEQA), and is available for review in the Planning Division office in City Hall at 1500 Warburton Avenue, the Central Library at 2635 Homestead Road, and online at <https://siliconvalleypower.com/projects>. Based upon the Initial Study, insofar as the project involves rebuilding the existing Homestead Substation within the existing substation site and increase the substation capacity to deliver 12 kV distribution power within the substations service area, the *project will not have a significant effect on the environment* because mitigation measures have been incorporated into/added to the project by conditions of approval that will reduce potential impacts to a less than significant level.

## COMMENTS

Comments may be filed with the City in response to the preparation of this Mitigated Negative Declaration, within the review period **beginning Friday, November 18, 2022 and ending at 5:00 PM on Wednesday, December 21, 2022**, pursuant to Section 15073 of the CEQA Guidelines. Responses received in writing on or before the date of review or verbally at the time of the review of this project will be considered along with the proposed Mitigated Negative Declaration.
