## Memorandum

**Date:** November 8, 2024  
**To:** All Reviewing Agencies  
**From:** Samuel Assefa, Director  
**Re:** SCH # **2022110466**  
**Golden State Natural Resources Forest Resiliency Demonstration Project**

---

The Lead Agency has corrected some information regarding the above-mentioned project. Please see the attached file(s) for more specific information: **\_Updated Documents**.

The review period has been extended to **January 20, 2025**, to accommodate the review process.

All other project information remains the same.

**Subject: SCH # 2022110466. Review Period Extension and Revised Appendices to the Draft EIR.**

Dear Ms. Rodriguez:

The Draft EIR for the Golden State Natural Resources Forest Resiliency Demonstration Project (SCH No. 2022110466) was posted on October 22, 2024. GSFA is extending the end of the public review period from December 23, 2024, until January 20, 2025.

In addition, the Draft EIR included numerous appendices. Golden State Finance Authority would like to replace two of these files with corrected versions. Please replace Appendix B5, Health Effects from Criteria Air Pollutant Emissions Memorandum, of the Draft EIR with the enclosed version, which includes an additional 25-pages attachment. Please replace Appendix B6, Additional Air Quality and Greenhouse Gas Emissions Considerations Supporting Calculations, of the Draft EIR with the enclosed version because 1 page was missing from the file.

We would greatly appreciate it if you could update the review period and replace these two documents online with the corrected versions. Please contact me with any questions you have at [trodgers@rcrcnet.org](mailto:trodgers@rcrcnet.org).

Sincerely,

Terrance Rodgers  
Director of Forest Resiliency
