## 8. User Changes to Default Data

Screen	Justification
Construction: Construction Phases	No demolition site are currently vacant. Bldg Construction lowered from default as units will be manufactured offsite and transported to the site, no paving as all roads are existing, no architectural coatings as units are manufactured and painted at the factory location.
Construction: Off-Road Equipment	Sites for units are existing lots with minimal site preparation required., units are pre-fabricated mobile homes built at an offsite factory and transported to the site for installation.
Operations: Hearths	No fireplaces or wood stoves
