Present Land Use/Zoning/General Plan Designation:

School/Residential Planned Development/School

Project Description: (please use a separate page if necessary)

Construction and operation of a 3,000-seat athletic stadium. Facilities planned as part of the project include bleacher seating, a natural turf competition field, a rubberized running track, a scoreboard, PA system, concessions, and restrooms. The stadium would be lighted using state-of-the-art LED light fixtures mounted on four 90-foot-tall poles. The lighting would be designed and oriented to light the field and project areas adjacent to the field that need to be lighted with little or no light trespass on non-project areas. Additionally, the project includes landscaping features and new concrete-paved areas within the campus. The project would operate year-round, with most activity occurring during the fall sports season. The project may also be utilized for hosting occasional non-athletic special events, such as pep rallies and graduation ceremonies.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
