Project Description		
<p>The County of Santa Clara (County) Department of Parks and Recreation (County Parks) proposes the Sanborn County Park Nursery Dump Demolition and Remediation Project (Proposed Project) in unincorporated Santa Clara County, California. Sanborn County Park (the Park) is at 16055 Sanborn Road, approximately 2.2 miles southwest of downtown Saratoga, near the southeast corner of Pick Road and Sanborn Road (see Figure 1, Project Location Map). The Park is nearly 3,500 acres and provides a variety of recreational opportunities for visitors.</p> <p>A 57-acre parcel within the northeastern portion of the Park, east of Sanborn Road, was formerly known as the Christensen Nursery when it operated as a commercial conifers and evergreen nursery by the Christensen family. The former nursery area is currently closed to the public and is not connected to the existing trail network of the Park. The street address of the former nursery parcel is 16000 Sanborn Road.</p> <p>The Project Site comprises the former nursery parcel (Assessor's Parcel Number [APN] 51704034), as well as a small portion of the adjacent parcel to the north (APN 51704061) which is also part of Sanborn County Park (see Figure 2, Project Site Map). Project activities would be limited to an approximately 42-acre area of these two parcels bounded by Aubrey Creek to the west and Sanborn Creek to the east.</p> <p>County Parks intends to remove the debris and trash, demolish the majority of buildings and structures from the site, and excavate contaminated soils associated with these features, so that the area can eventually be developed and operated as a public campground as planned in the Sanborn County Park Master Plan. The Proposed Project would include demolition of 19 structures and fixed equipment, including their foundations, and removal of all demolition debris (approximately 12,000 cubic yards) from the Project Site. Approximately 12,000 cubic yards of contaminated soil would also be excavated and removed from the site. The majority of trees within the dump and debris sites would be removed to facilitate Project implementation. Following completion of demolition and removal activities, work areas would be backfilled to approximately the existing ground level and hydroseeded.</p>		

This is to advise that the County of Santa Clara Board of Supervisors has adopted the above described project on April 4, 2023, and has made the following determinations regarding the project. The Mitigated Negative Declaration and record of project approval may be examined at the Santa Clara County Department of Parks and Recreation.

1. The project: will have will not have a significant effect on the environment.

2. Monitoring Program: was was not adopted.

3. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.

Mitigation measures: have have not been made a condition of approval of the project.

4. An Environmental Impact Report has been prepared for this project pursuant to the provisions of CEQA

Mitigation measures: have have not been made a condition of approval of the project.

A *Statement of Overriding Considerations* : was was not adopted for this project.

Findings were made pursuant to Section 15091 of CEQA.
