RE: SCH Number 2022120346

I would like to request authorization to make modifications to the published materials submitted under the above referenced SCH number. After publishing yesterday, we realized that technical studies were omitted. Their size created difficulties in uploading and transmitting by email.

I have reduced the size of the documents by creating separate pdf files and would like to email those, but since I will need to send separate emails to keep the size manageable, can you please provide guidance on how best to direct the multiple emails.

I appreciate the assistance.

Sincerely

Ellen Fitzgerald
