Exempt Status:
CATEGORICAL EXEMPTION - Section 15301, Class 1

Reasons why project is exempt:

The project would occur within the existing road right-of-ways and would not require the removal of structures, vegetation, or trees. The project would result in the continued use of an existing facility with little or no expansion of use, and is therefore exempt from the provisions of CEQA.

Section 15300.2-Exceptions

Section 15300.2 of the CEQA Guidelines, Exceptions, provides conditions under which categorical exemptions are inapplicable. Review of the Project indicates that it will not violate any of the exceptions, as described in the following section.

1. *The project will occur in certain specified sensitive environments or locations;*

The Project sites are fully developed within urbanized communities. None of the Project sites have been designated as biologically sensitive locations.

2. *Cumulative impacts will be considerable because successive projects of the same type will occur at the same place overtime;*

The Project will not be expected to result in significant cumulative environmental impacts. As it stands, the Project will not result in potentially significant impacts. Therefore, no cumulative impacts will result from the Project and successive projects of the same type and at the same place over time.

3. *There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances;*

There are no known unusual circumstances that will have a significant effect on the environment. The Project does not constitute an expansion of use. The project will involve earthwork and therefore is subject to applicable requirements by rule such as SMAQMD Rule 403- fugitive dust.

4. *The project may result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources within a highway officially designated as a scenic highway;*

The Project is not located in the vicinity of a highway officially designated as a scenic highway. Therefore, the project will not result in damage to scenic resources or similar resources within a highway that is officially designated as a scenic highway.

5. *The project is located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code; or*

The Project site is not included on any list compiled pursuant to Section 65962.5 of the Government Code. Therefore, the Project will not have an impact related to being located on a hazardous waste site.

6. *The project may cause a substantial adverse change in the significance of a historic resource.*

The project site does not contain any historical resources.
