

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: School Upgrade Program

Lead Agency: Los Angeles Unified School District

Contact Name: Seth Hopkins

Email: seth.hopkins1@tetrattech.com Phone Number: 8052847285

Project Location: Los Angeles Los Angeles
City *County*

Project Description (Proposed actions, location, and/or consequences).

This Draft SPEIR addresses the environmental effects associated with the implementation of the LAUSD's School Upgrade Program (SUP). Project includes the district wide redevelopment program update. LAUSD, as the lead agency, has drafted this document to reflect its own independent judgment, including reliance on applicable LAUSD technical personnel from the Office of Environmental Health and Safety (OEHS) and other departments. Data for this Draft SPEIR were obtained from field observations; discussions with affected agencies; analysis of adopted jurisdictional agency plans and policies and LAUSD Standard Conditions of Approval; review of available studies, reports, data, and similar literature; specialized environmental assessments prepared for previous site-specific projects; and past experience with school construction and upgrade projects.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Significant Unavoidable Adverse Impacts to Air Quality, Cultural Resources, Noise, and Transportation and Traffic. LAUSD Standard Conditions apply to district wide projects. No mitigations were identified that would reduce impacts to these areas to less than significant. A statement of overriding considerations would be prepared prior to certification.

No mitigation was identified for the Program EIR.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No known issues of controversy.

Provide a list of the responsible or trustee agencies for the project.

Los Angeles Unified School District
