### Present Land Use/Zoning/General Plan Designation:

**Resource Conservation (RC) / Resource Land Management (RLM)**

### Project Description: (please use a separate page if necessary)

The applicant is proposing a Land Use Category Change (General Plan Amendment) from Resource Land Management (RLM) to General Industrial (GI) and a Zoning District Amendment from Resource Conservation (RC) to Regional Industrial (IR), in conjunction with a Tentative Parcel Map and Conditional Use permit to allow for the placement of a 1,232,660 square-foot warehouse/distribution/logistics building. With consideration of potential mezzanine space for offices and pick modules, the total floor area of the building could be up to 1,867,660 square feet. The Project also provides for the construction of a 2,100 square-foot ancillary yard office building, trailer parking areas, passenger vehicle parking areas, landscaping, exterior lighting, signage, and connections to existing utility infrastructure. The Project Applicant is developing the Project on a speculative basis and no user(s) has/have been identified for the Project; there is potential for the yard office building and one of the on-site trailer parking areas to operate independently of the proposed warehouse/distribution/logistics building. For analysis purposes, the Project is assumed to be operational in the Year 2027 and would operate 24 hours per day, 7 days per week.

Note The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
