

NOTICE OF DETERMINATION

To: County Clerk, County of Los Angeles
12400 East Imperial Highway
P.O. Box 1208
Norwalk, CA 92650

Subject: **Filing of Notice of Determination in Compliance with Section 21152 of the Public Resources Code**

Project Title: San Jose Creek Water Reclamation Plant Stage III Primary Sedimentation System Expansion

SCH Number: 2023010216

Project Location: 1965 South Workman Mill Road, Whittier, CA 90601

Project Description: The proposed project would include the following components: construction of two new Primary Sedimentation Tanks, extension of Channel 1 and Gallery 1, and repairs to the concrete and liner for Channel 2 and the Step Feed Channels at the SJCWRP. The proposed project would include construction of two new Primary Sedimentation Tanks (Tanks 6 and 7) along the southeast corner of the SJCWRP. The new Primary Sedimentation Tanks would be located south of the existing Primary Sedimentation Tanks and would be built to match the existing dimension and treatment capacity of the existing tanks. The Channel 1 and Gallery 1 structures are located near the inlet side of the existing Primary Sedimentation Tanks. The extensions would be constructed to match the existing design and would be approximately 42 feet long and 11 feet 10 inches wide. All corroded concrete and steel would be replaced at Channel 2 and the Step Feed Channels. Reinforcing steel that is corroded and has rust would be removed and replaced with new reinforcing steel. A bonding agent would be used to coat reinforcing steel and the surfaces of the existing concrete. The corroded channels would be restored to the original dimensions by installing concrete repair material. Damaged PVC liners would be removed and replaced. Operation of the project would require small mechanical equipment of approximately 5 horsepower and a chopper pump motor rated at 50 horsepower.

On March 8, 2023, the Board of Directors of the District approved the above Project and made the following determinations regarding the Project:

1. The Project will not have a significant effect on the environment.
2. A Final Mitigated Negative Declaration (MND), which reflects the independent judgment and analysis of the District, was prepared for this Project pursuant to the provisions of the California Environmental Quality Act.
3. Mitigation measures are a condition of approval of this Project and a Mitigation Monitoring and Reporting Program has been approved for the Project.

The adopted Final MND is available to the general public at the District's Joint Administrative Office located at 1955 Workman Mill Road, Whittier, California 90601.
