Project Title: **Corona Road Septic to Sewer Project**

Project Location: **Carmel**

*City*

**Monterey**

*County*

Explain "exceptional circumstances" (CEQA, Section 15205(d)) for requesting a shortened review. Identify which of the 5 criteria in Appendix K are met for this project.

2) The public project applicant is under severe time constraints with regard to obtaining financing or exercising options which cannot be met without shortening the review period.

This project is being considered for a septic to sewer grant from the State Waterboard SRF program for septic to sewer projects. The deadline for completing environmental review is April 1, 2023. This deadline cannot be met unless there is approval for a shortened review period.

List responsible and trustee state agencies with contact person, phone number and date of consent for the shortened review, as well as any agencies that have commented on the project (attach additional pages, if necessary):

Monterey County Housing and Community Development Director, Erik Lundquist 707-888-6386 January 19, 2023

California Coastal Commission, Breylen Ammen 831-427-4879 January 20, 2023

Peter Von Langen, Central Coast Water board, 805-549-3688 January 20, 2023

Chris Bjornstad, Caltrans, 805-835-6543 January 24, 2023

As designated representative for the lead agency, I verify, in their behalf, that there is no "statewide, regional, or areawide significance" to this project.

Length of review being requested: 20 days
