Project Title: Sedco Hills Septic to Sewer Project

Project Applicant: Elsinore Valley Municipal Water District

Project Location (include county): Southeast of Malaga Road and Mission Trail, City of Wildomar, Riverside County

Project Description:

The Project would include the conversion of 699 septic customers to sewer by installing about 40,800 linear feet of sewer pipelines. The pipelines would connect to existing sewer mains in Mission Trail, Malaga Road, or Lemon Street. If further analysis determines that the existing 21-inch diameter sewer main in Mission Trail requires capacity increases, a new 48-inch diameter sewer line would be installed in Mission Trail over a length of 3,200 linear feet. The Project is anticipated to generate 130,000 gallons per day of wastewater, which would be transported to the EVMWD Regional Water Reclamation Facility. Existing septic tanks serving the residents would be abandoned.

This is to advise that the Elsinore Valley Municipal Water District has approved the above
 Lead Agency or Responsible Agency)

described project on 05/31/2023 and has made the following determinations regarding the above
 (date)
 described project.

1. The project [will will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [were were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [was was not] adopted for this project.
5. A statement of Overriding Considerations [was was not] adopted for this project.
6. Findings [were were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
