Project Title: Alta Avenue & Kamm Avenue Roundabout

Project Location: The proposed project site is located within the City of Dinuba. The project would affect approximately 5 acres within City ROW and temporary construction easement areas along Kamm Avenue and Alta Avenue. The site currently operates as a 4-way signalized intersection. Kamm Avenue and Alta Avenue are both designated as arterial streets in the City of Dinuba General Plan.

Project Description: The project includes the conversion of a four-way signalized intersection into a two-lane roundabout, installation of pedestrian/cyclist facilities (sidewalks, crosswalks, bicycle ramps, and related improvements (signage/stripping, etc.)). The project also includes ROW acquisitions to accommodate intersection widening associated with the installation of the roundabout.

Equipment staging will be provided within the temporary construction easement areas. No specific disposal or borrow sites have been identified. These facilities will be established in accordance with the Standard Specifications. Construction activities will include demo of existing asphalt, sidewalk, and curb within project limits, placement of aggregate base and pavement, piping existing irrigation ditch underground, extension of sewer and stormwater lines through intersection, and street light installation. Roadway detours and/or lane closures may be used to control traffic during construction.

Lead Agency: City of Dinuba
