

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Calaveras 49 Mobility Improvement Project

Lead Agency: California Department of Transportation (Caltrans)

Contact Name: Jonathan Coley

Email: jonathan.coley@dot.ca.gov

Phone Number: 209-479-4083

Project Location: Angels Camp
City

Calaveras
County

Project Description (Proposed actions, location, and/or consequences).

Caltrans proposes to make intersection, roadway, pedestrian, and bicycle improvements along State Route 49 and State Route 4 in the City of Angels Camp in Calaveras County. Caltrans proposes to modify the intersection of State Route 49 and State Route 4 with either a roundabout or signalized intersection. The project would also improve the intersection of State Route 49 and Francis Street with either a roundabout or signalized intersection.

Complete Streets elements include sidewalks and bike lanes or shared-use paths along State Route 49 between Monte Verda Street and Baker Street. Mailboxes, signs, and commercial and residential driveways will be relocated or modified throughout the project limits. Additional right-of-way, temporary construction easements, and utility relocations will be required for this project.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Caltrans has determined that the proposed action with the incorporation of the identified mitigation measures will not have a significant effect on the visual aesthetics of the potential loss of oak tree and heritage tree species for the following reasons:

-Any impacts from the proposed project on the loss of oak and/or heritage tree species will be mitigated to less than significant by paying in-lieu fees to the City of Angels Camp Oak Tree Preservation Fund, per the City of Angels Camp Oak Tree and Heritage Tree Ordinance.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

There are no known controversies on this project. Additional right-of-way, and property relocations are proposed for this project. A In-Person Public Meeting will be held on February 8, 2023, from 6:00 pm to 7:30 pm at the Bret Harte High School Multipurpose Room, located at 323 S. Main Street, Angels Camp, CA 95221

Provide a list of the responsible or trustee agencies for the project.
