To Whom It May Concern:

Subject: SCH Number 2023020344 Updated State Review Period

Alameda County Water District (ACWD) is requesting a change to the State Review Period for the Groundwater PFAS Treatment Facility Mitigated Negative Declaration (SCH Number 2023020344). ACWD staff had been contacted to upload an additional document and resubmit on January 30, 2023. ACWD staff did so that same morning, but was informed by a third party on February 14, 2023, that the CEQA document was not found on CEQAnet. It appears that the document was not transmitted, and after becoming aware of this ACWD resubmitted on February 14, with no changes to the January 30 submission. It was posted on CEQAnet on February 14, 2023. However, both the state and local review periods are still listed as January 31, 2023, through March 1, 2023. Due to the posting to CEQAnet on February 14, the state review period should now be February 14, 2023 through March 16, 2023. An updated NOI is attached with the revised dates.

Sincerely,

Kerri Smyth
