**DATE:** February 6, 2023  
**SUBJECT: Innovative Cultivation – Update to Notice of Intent**

Staff is requesting to update our Notice of Intent (NOI) in order to extend the review period for Innovative Cultivation by one additional day. The original review period was January 31, 2023 to March 1, 2023. Staff is requesting that those dates be changed to January 31, 2023 to March 2, 2023 to ensure that these dates are consistent with our local review period. The City has also update the title of the NOI from Mitigated Negative Declaration to Negative Declaration. Mitigated Negative Declaration was inserted in error.

Thank You,  
Yaneli Hernandez, Associate Planner
