Project Location: 3901 Lampson Avenue, Seal Beach, CA 90740

Project Description: The Old Ranch Country Club (ORCC) Specific Plan Project proposes development of new and expansion of existing facilities. The proposed new facilities would include a 116-unit, 4-level (188,500 square feet [SF]) multi-family housing development; a 51-unit (96,955 SF), 3-level senior housing complex including a 25,340-SF medical office facility; a 150-key overnight accommodation (109,015 SF), including a bar and lounge and a specialty restaurant; a relocated maintenance facility (2,650 SF); and a 3-level parking structure with 591 stalls, including 26 valet spaces and 36 electric vehicle parking spaces, with 4 tennis courts on the top level. A total of 1,042 parking spaces are proposed.

The expansion of existing uses includes a 3-level clubhouse addition (109,015 SF) consisting of overnight accommodations, indicated above, with pool, restaurant, and bar/lounge. Also, the Project would include new connecting drive aisles/streets, surface parking areas, and landscaping in addition to a reconfigured driving range from two-way to a two-level one-way. Other improvements related to recontouring of the golf course and changes pertaining to the flood plain easement and drainage reconfiguration would also occur.

Implementation of the Project would require the following approvals: adoption of the ORCC Specific Plan; certification of the ORCC Specific Plan EIR; approval of the Development Agreement; Public Street Tree Removal Approval; and Zoning Code Amendment (Height).
