**Present Land Use/Zoning/General Plan Designation:**

The project involves adoption of General Plan Amendment and Zoning Code Amendments

**Project Description:** (please use a separate page if necessary)

The Cannabis Program Update would result in a series of zoning changes that may retain, replace, expand on, or eliminate existing provisions of the current cannabis ordinance. The primary goals of the Cannabis Program Update are to consider the need for expanded or new cannabis land uses within the unincorporated County, further enhance neighborhood compatibility and environmental protections (which could result in restriction or elimination of cannabis land uses), and streamline the cannabis permitting process. The Cannabis Program Update is currently being developed consistent with County Resolution No. 22-0088, "Cannabis Program Update Framework" (Framework).

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
