Project Title: Amend Section 105.1 and 182, Title 14, CCR Re: Commercial Salmon Fishing Regulations

Project Applicant: N/A

Project Location - Specific: California State Waters

Project Location - City: NA

Project Location - County: NA

Description of Nature, Purpose and Beneficiaries of Project:

The proposed regulatory amendments will align state regulations with federal regulations by disallowing the landing of ocean-caught salmon caught in California out of state. As with current federal regulations, restricting salmon caught in California to being landed at port in California will improve management measures for salmon stocks by ensuring accurate data on regional salmon populations. See addendum for complete description.
