Present Land Use/Zoning/General Plan Designation:

Agriculture/Agricultural Grazing 40-Acres(AG-40)/Agricultural Lands

Project Description: *(please use a separate page if necessary)*

Commercial Cannabis Use Permit for the construction and operation of a mixed light commercial cannabis cultivation facility. The proposed project involves the construction of a 7,825-sf mixed light cannabis cultivation operation in eight (8) greenhouses, which would be planted immediately upon project approval and issuance of necessary permits. Additional infrastructure includes a 238-sf solid surface parking lot, 3,825-sf gravel parking area, a septic tank and leach field, and rocky wall contained within a 19,855-sf fenced area on the property. The septic tank and adjoining leach field would service the proposed prefabricated Americans with Disabilities Act (ADA) accessible restroom, while an existing on-site well south of the project site would supply water for cannabis irrigation. The project does not include the storage or processing of cannabis on-site. An existing solar panel system, located northeast of the proposed fenced cannabis cultivation premises, would provide energy for the cannabis operation. Construction activities would yield a total cut of 560.20 cubic yards and total fill of 2,208.10 cubic yards which would require the import of 1,647.9 cubic yards of clean fill. The total area of land to be disturbed would be approximately 0.6 acre.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
