

East End Studios ADLA Project

Environmental Case: ENV-2022-5830-EIR
State Clearinghouse No. 2023020196

Project Location: 1206–1338 East 6th Street, 1205–1321 Wholesale Street, 1210–1361 Produce Street, 635 and 639 Mill Street, and 640 South Alameda Street

Community Plan Area: Central City North

Council District: 14—de León

Project Description: The East End Studios ADLA Project involves the development of a new multi-story production studio campus totaling 675,611 square feet of floor area on an approximately 14.6-acre (635,551 net square-foot) site. The Project would include 299,012 square feet of studio uses within five studio buildings; 69,192 square feet of production support space within three covered areas, adjacent to the studio buildings; and 307,407 square feet of office use within two five-story buildings. Up to 8,000 square feet of ground floor areas within the office buildings could be utilized as retail space, including up to 4,000 square feet of restaurant space, or as additional common areas for the office tenants. Two existing warehouse structures totaling approximately 311,000 square feet would be demolished.
