Hello Marylin Simpson and Lisa Chou,

Due to unforeseen circumstances, our scheduled phone call consultation meeting for the 500 Speedway Dr. and 13620 Live Oak Lane project in the City of Irwindale, CA has been canceled. In order to enable the consultation process to continue without delay we are providing our concerns in written form for this project in lieu. We will send over substantial evidence and mitigation measures. If you have any questions please feel free to contact us.

Thank you

RE: AB 52 Consultation Request for 13620 Live Oak Lane and Initial Study/Environmental Impact Report for the City of Irwindale, Los Angeles County, California.

Dear Sandonne Goad, Chairperson,

The City of Irwindale (City), located in Los Angeles County, California (Figure 1, Regional Map.) The Specific Plan area is in the central portion of the City of Irwindale in Los Angeles County. The project site is bordered by Interstate 605 (I-605) to the west, Live Oak Lane to the north and east, and Live Oak Avenue to the south. Surrounding uses include the Edison Rio Hondo Substation to the south; an industrial business park (under construction) for the Park at Live Oak Specific Plan to the west, Kare Youth League Irwindale sports and recreation facility, and Santa Fe Flood Control Basin to the north; and industrial buildings and the San Gabriel River to the east. The Assessor's Parcel Numbers (APNs) for the project site are 8532-002-035 and 8532-002-044. There is also a Southern California Edison (SCE) easement on the project site.

The proposed specific plan project includes two (2) potential industrial developments with a maximum buildout area of up to 997,796 square feet of building. The first option consists of the entire 52.89-acre Specific Plan Area being developed with industrial/warehouse types uses. The second option consists of 15.94 acres of Battery Energy Storage System (BESS) facilities and the remaining 36.95 acres for industrial/warehousing/distribution type uses. This project will comply with California Environmental Quality Act (CEQA) regulations and an Environmental Impact Report will be prepared.

We are contacting you because the Gabrielino /Tongva Nation requested to be notified and provided information, under the provisions of the CEQA (Public Resources Code section 21080.3.1 subdivisions (b), (d) and (e)), also known as AB 52, regarding projects within the City of Irwindale's jurisdiction and within the traditional tribal territory of the Gabrielino /Tongva Nation. Please consider this letter and preliminary Project information as the formal notification of the proposed Project. The City of Irwindale is requesting to consult with the Gabrielino /Tongva Nation to identify tribal cultural resources that may be impacted by the proposed Project.

The point of contact for the City of Irwindale is:

City of Irwindale Point of Contact Information

RE: AB 52 Consultation Request for 13620 Live Oak Lane and Initial Study/Environmental Impact Report for the City of Irwindale, Los Angeles County, California.

Dear Christina Conley, Cultural Resource Administrator,

The City of Irwindale (City), located in Los Angeles County, California (Figure 1, Regional Map.) The Specific Plan area is in the central portion of the City of Irwindale in Los Angeles County. The project site is bordered by Interstate 605 (I-605) to the west, Live Oak Lane to the north and east, and Live Oak Avenue to the south. Surrounding uses include the Edison Rio Hondo Substation to the south; an industrial business park (under construction) for the Park at Live Oak Specific Plan to the west, Kare Youth League Irwindale sports and recreation facility, and Santa Fe Flood Control Basin to the north; and industrial buildings and the San Gabriel River to the east. The Assessor's Parcel Numbers (APNs) for the project site are 8532-002-035 and 8532-002-044. There is also a Southern California Edison (SCE) easement on the project site.

The proposed specific plan project includes two (2) potential industrial developments with a maximum buildout area of up to 997,796 square feet of building. The first option consists of the entire 52.89-acre Specific Plan Area being developed with industrial/warehouse types uses. The second option consists of 15.94 acres of Battery Energy Storage System (BESS) facilities and the remaining 36.95 acres for industrial/warehousing/distribution type uses. This project will comply with California Environmental Quality Act (CEQA) regulations and an Environmental Impact Report will be prepared.

We are contacting you because the Gabrielino Tongva Indians of California Tribal Council requested to be notified and provided information, under the provisions of the CEQA (Public Resources Code section 21080.3.1 subdivisions (b), (d) and (e)), also known as AB 52, regarding projects within the City of Irwindale's jurisdiction and within the traditional tribal territory of the Gabrielino Tongva Indians of California Tribal Council. Please consider this letter and preliminary Project information as the formal notification of the proposed Project. The City of Irwindale is requesting to consult with the Gabrielino Tongva Indians of California Tribal Council to identify tribal cultural resources that may be impacted by the proposed Project.

The point of contact for the City of Irwindale is:

City of Irwindale Point of Contact Information

RE: SB 18 Consultation Request for 13620 Live Oak Lane and Initial Study/Environmental Impact Report for the City of Irwindale, Los Angeles County, California.

Dear Sandonne Goad, Chairperson,

The City of Irwindale (City), located in Los Angeles County, California (Figure 1, Regional Map.) The Specific Plan area is in the central portion of the City of Irwindale in Los Angeles County. The project site is bordered by Interstate 605 (I-605) to the west, Live Oak Lane to the north and east, and Live Oak Avenue to the south. Surrounding uses include the Edison Rio Hondo Substation to the south; an industrial business park (under construction) for the Park at Live Oak Specific Plan to the west, Kare Youth League Irwindale sports and recreation facility, and Santa Fe Flood Control Basin to the north; and industrial buildings and the San Gabriel River to the east. The Assessor's Parcel Numbers (APNs) for the project site are 8532-002-035 and 8532-002-044. There is also a Southern California Edison (SCE) easement on the project site.

The proposed specific plan project includes two (2) potential industrial developments with a maximum buildout area of up to 997,796 square feet of building. The first option consists of the entire 52.89-acre Specific Plan Area being developed with industrial/warehouse types uses. The second option consists of 15.94 acres of Battery Energy Storage System (BESS) facilities and the remaining 36.95 acres for industrial/warehousing/distribution type uses. This project will comply with California Environmental Quality Act (CEQA) regulations and an Environmental Impact Report will be prepared.

We are requesting consultation under Senate Bill 18 (Chapter 905, Statutes of 2004) which requires local governments to consult with tribes prior to making certain planning decisions and requires consultation and notice for a general and specific plan adoption or amendment to preserve, or mitigate impacts to, cultural places that may be affected. The Native American Heritage Commission (NAHC) provided us with a list of tribal entities and individuals who have requested to be placed on the SB 18 consultation list. The Gabrielino /Tongva Nation is on the list provided. As a result, please consider this letter as a notice of the project and an invitation to provide comments regarding the project.

Hi Brandy,

We have actually already had the consultation but this letter is for your files. I've attached the email and measures that was originally sent to us. The proposed mitigation measures have been incorporated into the draft document.

Thanks,  
Brandi

Hello Brandi

Thank you for your email. We can go ahead and set up a phone call to discuss tribal cultural resources that may be impacted. Can you please provide some dates and times in January ?

Brandy Salas

The region where Gabrieleño culture thrived for more than eight centuries encompassed most of Los Angeles County, more than half of Orange County and portions of Riverside and San Bernardino counties.

It was the labor of the Gabrieleño who built the missions, ranchos and the pueblos of Los Angeles. They were trained in the trades, and they did the construction and maintenance, as well as the farming and managing of herds of livestock.

“The Gabrieleño are the ones who did all this work, and they really are the foundation of the early economy of the Los Angeles area “. “That’s a contribution that Los Angeles has not recognized--the fact that in its early decades, without the Gabrieleño, the community simply would not have survived.”
