State Vehicular Recreation Area, Off-Highway Vehicle Park Unit

**Project Description:** *(please use a separate page if necessary)*

DPR proposes to progressively establish new Resource Management Areas (RMAs) and provide ongoing sustainable OHV recreation management within the new and existing RMAs. The project consists of implementing activities that disperse storm water runoff, prevent accelerated erosion, and manage the existing trail system. Sediment loss and erosion control measures include reducing the number of trails, increasing vegetation, building sustainable trails, and enforcing trails-only riding.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

### Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
