

**REVISED NOTICE OF AVAILABILITY
DRAFT ENVIRONMENTAL IMPACT REPORT / ENVIRONMENTAL ASSESSMENT
AND PUBLIC REVIEW PERIOD EXTENSION**

To: Responsible and Trustee Agencies, Organizations, and Interested Parties

Subject: Revised Notice of Availability of Draft Environmental Impact Report/Environmental Assessment and Comment Period Extension

Project: The Old Road over Santa Clara River and the Southern Pacific Transportation Company Bridge, et al. Project [Project No. BRLS-5953(601), STPL-5953(682)]

Lead Agency: County of Los Angeles (CEQA); California Department of Transportation (NEPA)

Review Period: February 27, 2024 through April 18, 2024 (**Extended Public Review Period**)

The County of Los Angeles (County), through Los Angeles County Public Works (Public Works), prepared a Draft Environmental Impact Report/Environmental Assessment (Draft EIR/EA) for The Old Road over Santa Clara River and the Southern Pacific Transportation Company (SPT Co.) Bridge, et al. Project (Project). The County is the lead agency for this Project under the California Environmental Quality Act (CEQA). The California Department of Transportation (Caltrans) is the lead agency for the Project under the National Environmental protection Act (NEPA), as assigned by the Federal Highway Administration (FHWA). A Notice of Availability for the Draft EIR/EA was released on February 27, 2024, announcing the original public review and comment period from February 27, 2024 to April 11, 2024. This Revised Notice of Availability serves to announce that the public review and comment period has been extended to April 18, 2024.

PROJECT LOCATION

The proposed Project is located in the unincorporated community of Stevenson Ranch, along The Old Road from Magic Mountain Parkway to Henry Mayo Drive, west of the City of Santa Clarita.

PROJECT DESCRIPTION

The proposed Project includes the replacement of two bridges and the reconstruction and widening of The Old Road, Rye Canyon Road, and Sky View Lane, including reconfiguration of its intersection with The Old Road. The purpose of the Project is to improve existing traffic operations and accommodate future traffic projections along the roadway. The Project would also extend the County Multi-Purpose Regional River Trail from its existing terminus just south of Rye Canyon Road to just northwest of the Interstate-5 (I-5) on- and off-ramps.

The Old Road over Santa Clara River bridge is currently classified as Structurally Deficient per FHWA standards for seismic, flood, and highway design. Replacing the bridge would eliminate this classification. Additionally, the existing roadway does not meet Public Works highway design speed safety standards, and does not incorporate bicycle improvements proposed in the County Bicycle Master Plan. Widening The Old Road from four to six lanes, adding a protected bicycle lane in each direction, and modifying the roadway to meet current Public Works design standards are critical for traffic operations and to ensure emergency vehicle access in the Project area.

SUMMARY OF SIGNIFICANT ENVIRONMENTAL EFFECTS

The Draft EIR/EA evaluates the potentially significant environmental effects of the proposed Project related to the areas of Existing and Future Land Use, Relocations and Real Property Acquisition, Utilities/Emergency Services, Transportation and Traffic/Pedestrian and Bicycle Facilities, Visual/Aesthetics, Cultural Resources, Hydrology and Floodplain, Water Quality and Storm Water Runoff, Paleontology, Tribal Cultural Resources, Hazardous Waste/Materials, Air Quality, Natural Communities, Wetlands and other Waters, Plant Species, Wildlife Species, Threatened and Endangered Species, Invasive Species, Aesthetics, Biological Resources, Cultural Resources, Geology and Soils, Hazards and Hazardous Materials, Hydrology and Water Quality, Public Services, Transportation, Tribal Cultural Resources, and Wildfire; and identifies feasible mitigation measures that would reduce the Project's impacts to less-than-significant levels. After incorporation of these mitigation measures, the Project would not result in significant environmental effects in any resource area.

Project-level conformity analysis shows that the project will conform to the State Implementation Plan, including localized impact analysis with interagency consultation for particulate matter (PM10 and PM2.5) and carbon monoxide (CO) required by 40 CFR 93.116 and 93.123. This Project is not considered a Project of Concern regarding particulate matter (PM10 and PM2.5) as defined in 40 CFR 93.123(b)(1). A detailed PM10 and PM2.5 hot-spot analysis was not completed because Clean Air Act and 40 CFR 93.116 requirements are met without an explicit hot-spot analysis. The project comes from a conforming Regional Transportation Plan (RTP) and Transportation Improvement Program (TIP). Comment is requested regarding the project-level conformity analysis.

PUBLIC REVIEW PERIOD

The public review period for the Draft EIR/EA, which commenced on February 27, 2024, **has been extended** from its original end date of April 11, 2024, to April 18, 2024. Interested parties are encouraged to submit their comments in writing by no later than 5:00 pm on April 18, 2024. All comments received by the conclusion of the extended public review period will be duly considered in the preparation of the Final EIR/EA for the Project.

Written comments may be submitted via postal or electronic mail to the following address:

Los Angeles County Public Works
Attention: Ebigalle Voigt
P.O. Box 1460
Alhambra, CA 91802-1460

DOCUMENT AVAILABILITY

An electronic version of the Draft EIR/EA and this Revised Notice of Availability are available on the Project website at <https://pw.lacounty.gov/projects/the-old-road-over-santa-clara-river/>.

A copy of the Draft EIR/EA will also be available for review at the following locations during normal business hours:

Los Angeles County Public Works
900 S Fremont Avenue, 11th Floor
Alhambra, CA 91803

Stevenson Ranch Library
25950 The Old Road
Stevenson Ranch, CA 91381

Valencia Library
23743 Valencia Boulevard
Valencia, CA 91355

Castaic Library
27971 Sloan Canyon Road
Castaic CA 91384

Questions regarding this Revised Notice of Availability should be directed to Ms. Ebigalle Voigt at (626) 458-3967 or TheOldRoadEIR@pw.lacounty.gov, Monday through Thursday, between 8:00 a.m. and 5:00 p.m.

Si necesita asistencia con la traducción a Español, por favor comuníquese con el representante del departamento de Obras Públicas del Condado de Los Angeles, Sandra Perez (626) 458-3955, 72 horas antes de la reunión.

ADA and Title VI Accommodations: Individuals requiring reasonable accommodations, interpretation services, and materials in other languages or in an alternate format may contact the department coordinator at (626) 458-7901. Individuals with hearing or speech impairment may use California Relay Service 711.
