

NOTICE OF AVAILABILITY: MITIGATED NEGATIVE DECLARATION

The Olivehurst Public Utility District proposes to adopt a Mitigated Negative Declaration pursuant to the California Environmental Quality Act for the project listed below:

PROPOSED PROJECT: South Yuba County Water and Wastewater Infrastructure Improvement Project (South County Infrastructure Project)

PROJECT LOCATION: The five component project is located on approximately 825 acres within, and adjacent to, the community of Olivehurst in southwest Yuba County, primarily within existing roadways. Sanitary Sewer Overflow (SSO) Reduction Measures/WWTP Modifications are located within the existing urbanized area of Olivehurst. These components are located within Sections 5, 8, 9, and 17 of Township 14 North, Range 3 East, Mount Diablo Base and Meridian (MDB&M). The approximate center point of these facilities is located at: 39°04'23.61" N, 121°32'49.59" W. The South County Wastewater Collection/Water Supply and Delivery/Wheatland Wastewater Pipeline Connector components of the project are located in an undeveloped area south of the existing community of Olivehurst. Improvements associated with these three components are located within Sections 5, 8-10, 14-15, 17, and 22-27 Township 14 North, Range 3 East, MDBM. The approximate center point of Components 3 and 4 is located at 39°03'04.73" N, 121°29'59.02" W.

PROJECT DESCRIPTION: The project assessed in the Mitigated Negative Declaration is the construction and operation of:

- Component 1. Completion of SSO reduction measures to the existing wastewater collection system serving the existing community of Olivehurst;
- Component 2. Modification of the existing OPUD WWTP to accommodate increased wet weather flows and replace equipment within the WWTP that has reached the end of its operational life;
- Component 3. Expansion of OPUD's wastewater collection system to provide service to the recently annexed South County Service Area between Forty Mile Road and Rancho Road;
- Component 4. Construction and operation of a Water Plant and backbone treated water distribution pipelines within the General Plan growth area along Forty Mile Road and Rancho Road; and,
- Component 5. Construction and operation of a wastewater collection system to accept and treat City of Wheatland untreated wastewater at the existing OPUD WWTP.
