San Bernardino, CA 92415

Multipurpose and Community Resource Center

Project Title

9898 Maple Avenue (Hesperia High School)

Project Location - Specific

Hesperia

San Bernardino

Project Location - City

Project Location - County

The Hesperia Unified School District proposes the development of a new multipurpose building with performance facilities and a community wellness center at Hesperia High School's existing tennis courts. Replacement tennis courts would be constructed in a different area of the campus. The performance facilities would accommodate the school's existing music and drama programs and include a black box theater and performance theater, with up to 570 spectator seats, band and chorus instructional spaces, and ancillary facilities, including a construction room, dressing rooms, restrooms, concessions room, workspaces, and storage rooms. The wellness clinic would be used for District-sponsored medical and mental health pop-up programs to support Hesperia High School student and community needs. The District would enter into an agreement with a medical provider to provide as-needed services at the clinic.
