Sacramento, CA 95812-3044

From: Placer County Water Agency
P.O. Box 6570
Auburn, CA 95603
(Public Agency and Address)

[X] County Clerk, County of: Placer

Project Title: Alta Tank Replacement Project

Project Location - Specific: The project site is located approximately 1/2-mile north of I-80 at the Alta Water Treatment Plant, 990 Alta Reservoir Road.

Project Location - City: Community of Alta Project Location - County: Placer

Description of Project: The proposed project will consist of the replacement of an existing 100,000 gallon treated water storage tank with a new 200,000 gallon steel treated water storage tank. The new tank will be approximately 52 feet in diameter and 18 feet tall with 8-inch to 12-inch pipelines that will be required to integrate the tank into the onsite water treatment plant piping. This project will provide the existing Alta treated water system with redundant storage capacity to enable PCWA to conduct the necessary maintenance on the existing storage tank. Project activity will be located within PCWA's existing parcel and on PG&E owned parcel, this will require an easement. Some earthwork, tree removal and grading will be required to construct a foundation for the tank. While the storage capacity is increased, this project will not alter the current production capacity of the water treatment plant. The additional storage capacity will provide extended water supply availability during emergencies. The existing redwood tank will be decommissioned once the new steel tank is placed in operation.

Name of Public Agency Approving Project: Placer County Water Agency

Name of Person or Agency Carrying Out Project: Placer County Water Agency

Exempt Status: (check one)

- [] Ministerial (Sec. 21080(b)(1); 15268)
