**Project Description:** (please use a separate page if necessary)

The proposed project is a Revisions of Approved Actions application to establish 170 annual winery events at an existing approved small winery with a tasting room on a 16-acre parcel. Events will vary in size from a maximum of 80 to 100 attendees depending on the type of event. This application does not propose the construction of any additional buildings. The proposed events are an accessory use to the existing winery. The surrounding area is a mixture of agricultural uses and scattered residences. Pursuant to 2035 General Plan Figure 12-2, the project site is not located along a designated scenic route.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
