PROJECT TITLE: Lippi Ranch Subdivision Project

PROJECT LOCATION: The 8.99-acre project site is located east of Freedom Boulevard/2nd Street at the terminus of 3rd Street and west of the Union Pacific Railroad tracks in the City of Galt. The project site is identified by Assessor's Parcel Numbers (APNs) 150-0101-046; and 150-0274-006, -007-, and -011. The northern portion of the project site is currently developed with two single-family residences, an apartment building, a barn, and a groundwater pumphouse; the remainder of the project site is undeveloped with fallow agricultural land and limited trees. The site is currently designated Low Density Residential (LDR) by the City's General Plan and the site is zoned Low Density Single-Family Residential (R1A).

PROJECT DESCRIPTION: The Lippi Ranch Subdivision Project (proposed project) would include demolition of all existing on-site structures; removal of 60 trees, including four protected oak trees; and subsequent development of 94 single-family residences, ranging in size from 1,494 square feet to 1,826 square feet, five bio-retention basins, landscaping, and an internal circulation network. Site access would be provided by a new landscaped roundabout located at the terminus of 3rd Street. The proposed project would require City approval of a General Plan Amendment, Rezone, Tentative Subdivision Map, and Design Review.

HAZARDOUS WASTE SITES: The proposed project is not located on any hazardous waste sites lists enumerated under Section 65965.5 of the California Government Code.

SIGNIFICANT ANTICIPATED ENVIRONMENTAL EFFECTS: Impacts to all CEQA environmental topic areas were determined to be less-than-significant or less-than-significant with implementation of mitigation measures, with the exception of impacts related to Cultural Resources, which the Draft EIR determined would remain significant and unavoidable, even with implementation of the mitigation measures set forth in the Draft EIR.
