Mr. Hickel

Thank you for submitting the IS/MND for the Lakeridge Multi-Family Housing Project. The regular CDFW contact for Butte County has taken another position, so I've been asked to take a look at the MND. After a preliminary review I have just a few comments to consider, which I'll submit informally in this email.

Comment 1: TABLE 3: CNDDDB Results for Paradise East Quadrangle, page 17 states fylf is a CDFW SSC and State Threatened, but also says on page 18 states that fylf is currently being considered for listing. I would suggest revising the table and language to reflect that the fylf (*Rana boylei*) Feather River DPS (Clad 2) was listed as Threatened by the Fish and Game Commission in 2020. In addition, if the project may occur within fylf habitat, *Avoidance and Minimization Measures* to avoid take of fylf should be stated in the document and significant effects should be avoided and mitigated to less than significant.

Comment 2: Please explain page 17 TABLE 3's heading of State Listed vs. CDFW listed species.

Thank you for the opportunity to comment. Please let me know if you have any questions.

Thank you

*Amy Kennedy*
