Document Description

The Fish and Game Commission (Commission) proposes to amend subsections (b)(4), (b)(43), (b)(66), and (b)(80) of Section 7.40 in Title 14, California Code of Regulations (CCR) related to Central Valley sport fishing regulations.

The proposed sport fishing regulations for the Central Valley rivers may increase or decrease the current salmon bag and possession limits, or close take and possession of Chinook salmon.

The following regulatory options are provided for the Commission's consideration to tailor 2023 Central Valley fishery management to target 2023 in-river fisheries harvest projections. The options presented for consideration may be adopted independently or in combination:

1. Option 1 allows take of any size Chinook salmon up to the daily bag limit [0-4] and possession limit [0-12]
2. Option 2 allows take of a limited number of adult Chinook salmon, with grilse Chinook salmon making up the remainder of the daily bag limit [0-4] and possession limit [0-12]
3. Option 3 allows take of only grilse Chinook salmon up to the daily bag limit [0-4] and possession limit [0-12]. Take of adult Chinook salmon would not be allowed.
4. Option 4 provides closure to take and possession of Chinook salmon in all anadromous areas of and tributaries to the American, Feather, Mokelumne, and/or Sacramento rivers. Prohibits all methods of targeting salmon including catch and release fishing. Unless otherwise noted, this option will allow take of other species.

The Commission will consider this action at a webinar/teleconference meeting scheduled on May 17, 2023. Background information and information on public participation may be found at www.fgc.ca.gov.
