Project Title: Vincent Thomas Bridge Deck Replacement Project

Project Applicant: California Department of Transportation

Project Location (include county): State Route-47 (PM 0.4/2.0), Los Angeles County

Project Description:

The Vincent Thomas Bridge (VTB) on State Route 47 (SR 47) has been in service for 60 years. Although the bridge is structurally sound, the bridge deck is rapidly deteriorating. This is due to concrete fatigue caused by heavy truck loading, as well as environmental deterioration due to age and the marine environment. Caltrans is proposing the VTB Deck Replacement Project to replace the entire bridge deck and seismic sensors of the bridge to preserve the functionality and structural integrity of the Vincent Thomas Bridge deck and to enhance the bridge's overall safety.

This is to advise that the California Department of Transportation (District 7) has approved the above Lead Agency or Responsible Agency

described project on 10/24/24 and has made the following determinations regarding the above (date) described project.

- 1. The project [will will not] have a significant effect on the environment.
- 2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
- 3. Mitigation measures [were were not] made a condition of the approval of the project.
- 4. A mitigation reporting or monitoring plan [was was not] adopted for this project.
- 5. A statement of Overriding Considerations [was was not] adopted for this project.
- 6. Findings [were were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
