MEMORANDUM

TO: Office of Planning and Research

FROM: Lake County Planning Department

SUBJECT: SCH #: 2023040518 "Subba Farms" commercial cannabis cultivation, file no. UP 21-25, IS 21-25. A minor correction has been made to the Initial Study that was submitted.

DATE: June 01, 2023

MESSAGE:

On April 20, 2023, Lake County published an IS/MND regarding a Major Use Permit for commercial cannabis cultivation. Following the publication of the IS/MND, staff became aware that there was a mistake in the IS/MND. The IS/MND referenced a processing facility and greenhouses on pages 4, 29, 32, and 38, but no such facilities were proposed.

Per CEQA Guidelines 15073.5. (c) Recirculation is not required under the following circumstances: (2) New project revisions are added in response to written or verbal comments on the project's effects identified in the proposed negative declaration which are not new avoidable significant effects. (4) New information is added to the negative declaration which merely clarifies, amplifies, or makes insignificant modifications to the negative declaration. Since the information is not changing the project description, not making an impact on the environment, and is an insignificant modification it doesn't require recirculation.
