Project Description

The San Francisco Municipal Transportation Agency (SFMTA) proposes pedestrian and bicycle safety improvements on 13th Street and Duboce Avenue, between Folsom Street and Valencia Street as part of the 13th Street Safety Project (project). The project would create safer conditions for bicyclists and pedestrians by installing a westbound protected bikeway (on the north side of the street) on 13th Street between Folsom and Mission streets and on Duboce Avenue between Otis and Valencia streets, and an eastbound protected bikeway (on the south side of the street) on 13th Street between Mission and Folsom streets and on Duboce Avenue between Valencia and Mission streets. Existing travel lanes as well as on-street parking and loading would be reconfigured to accommodate the protected bikeway design. Pedestrian improvements (bulbouts, sidewalk extensions, curb ramps, updated pedestrian safety islands, upgraded traffic signals) at intersections along the project corridor would also be included.

Determination

The City and County of San Francisco decided to carry out or approve the project on October 18, 2022, when the SFMTA Board of Directors approved the project. The project was officially approved on November 18, 2022, when no appeal of the statutory exemption was filed during the 30-day appeal period. A copy of the documents may be examined at the Planning Department, 49 South Van Ness Avenue, Suite 1400, San Francisco, CA, 94103 in file no. 2022-005736ENV.
