**Project Description:** (please use a separate page if necessary)

The District proposes the following improvements to its facilities: replacement of the current Chet Harritt Pump Station with a new pump station; implementation of an aeration system within Lake Jennings; and installation of an effluent flow meter for the existing 5.3 million gallon-capacity Clearwell Tank. All proposed activities will take place within portions of a 66-acre Project area.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
 If you have already sent your document to the agency please denote that with an "S".
