Project Title: Memorandum of Understanding between the District and the City of San Diego, City of Oceanside, and County of Orange to Work Collaboratively on a Regional Harbor Monitoring Program
Project Location – Specific: Baywide
Project location – City: Chula Vista, Coronado, Imperial Beach, National City, San Diego
Project Location – County: San Diego

Description of Nature, Purpose, and Beneficiaries of Project: The proposed project would include the District (Applicant) working collaboratively with other regional partners on the Regional Harbor Monitoring Program (RHMP) to evaluate the status and trends of water, sediments, and aquatic life in the region's harbors, including San Diego Bay. In 2003, under § 13225 of the CA Water Code, the San Diego Regional Water Quality Control Board issued a requirement to the District, Cities of San Diego and Oceanside (Cities), and the County of Orange (County) to coordinate and develop a RHMP to assess conditions and trends in the quality of water, sediments, and aquatic life in San Diego Bay, Mission Bay, Oceanside Harbor, and Dana Point Harbor. As a result, the District, Cities, and County have been working cooperatively to effectively and efficiently develop and implement the RHMP. Water and sediment monitoring and sampling that would occur as a part of the RHMP would provide data to evaluate the status and trends in water and sediments in the region's harbors, including San Diego Bay, via measurements in areas such as but not limited to: chemistry, toxicity, benthic community analyses, and biodiversity. As a part of the project, the District would also enter into an MOU with the Cities and County, which would enable the agencies to continue to share consultant costs related to project planning, monitoring, data analysis, and reporting.

Name of Public Agency Approving Project: San Diego Unified Port District (SDUPD)
Name of Person or Agency Carrying Out Project: Kelly Tait, Program Manager, Planning and Environment, Environmental Protection, San Diego Unified Port District, 3165 Pacific Highway, San Diego, CA 92101, (619) 686-6372

Exempt Status: (Check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemptions: Information Collection (SG § 15306) (Class 6)**
- Statutory Exemption. State code number:

Reason Why Project is Exempt: The proposed project is determined to be Categorically Exempt pursuant to the CEQA Guidelines and the Section of the District's Guidelines for Compliance with CEQA as identified above. This is appropriate for the proposed project because it is for the purpose of basic data collection/research/experimental management/resource evaluation activities, including providing data to evaluate the status and trends in water and sediments in San Diego Bay via measurements in chemistry, toxicity, benthic community analyses, and biodiversity, which would not result in a serious or major disturbance to an environmental resource. The District has determined none of the six exceptions to the use of a categorical exemption apply to this project (CEQA Guidelines Section 15300.2). Section 3.f. of the District's CEQA Guidelines is as follows:

3.f. Information Collection (SG § 15306) (Class 6): Includes basic data collection, research, experimental management, and resource evaluation activities which do not result in a serious or major disturbance to an environmental resource. These may be for information gathering purposes or as part of a study leading to an action which has not yet been approved, adopted, or funded.
