

NOTICE OF EXEMPTION

TO: County Clerk, County of Contra Costa
555 Escobar Street, Martinez, CA 94553

FROM: Central Contra Costa Sanitary District (Central San)
5019 Imhoff Place, Martinez, CA 94553

PROJECT TITLE: 2023 Pleasant Hill Sewer Renovation Phase 2, District Project 5991

PROJECT LOCATION-SPECIFIC: Ardith Drive; Betty Lane; Boyd Road; Cleaveland Road; Crescent Drive; Elinora Drive; Ellinwood Way; Gladys Drive; Glenbridge Court; Grayson Lane; Grayson Road; Gregory Lane; Khars Avenue; Longbrook Way; Nancy Lane; Rock Creek Way; and Sunspring Court (see Attachment 1)

PROJECT LOCATION-CITY AND COUNTY: Pleasant Hill, Contra Costa County

PROJECT DESCRIPTION: This Project will replace or rehabilitate approximately 8, 700 feet of small diameter sewers, maintenance access structures, and other related sewer work within public rights-of-way and private easements. Central San staff prepared the plans and specifications for the Project. Construction methods will primarily include open trench, horizontal directional drilling, pilot tube guided boring, and cured-in-place pipe rehabilitation.

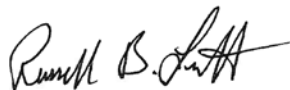

NAME OF LEAD AND APPROVING PUBLIC AGENCY: Central San (925) 229-7255

NAME OF PROJECT APPLICANT: Central San (925) 229-7255

EXEMPT STATUS: CEQA Guidelines Sections 15302 and 15061(b)(3)

REASONS WHY PROJECT IS EXEMPT: At its May 18, 2023, meeting, the Central San Board of Directors independently found this project is exempt from the California Environmental Quality Act (CEQA) under Central San's CEQA Guidelines Section same purpose and level of activity as the facilities being replaced. Any capacity increases are for nongrowth inducing, wet weather purposes. The Project also is exempt under Central San CEQA Guidelines Section 15061 (b)(3), since it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. This certainty is based on Central San's experience with numerous sewer construction projects of this nature, the relatively short distance involved, and Central San's impact-limiting mitigating construction specifications. These specifications are standardized general and special conditions that are made part of the Project bid documents to address environmental considerations, such as protecting trees and riparian areas, as well as compliance with applicable federal, state, county, district, municipal and local laws, ordinances, orders, and regulations.
