FROM: Central Valley Flood Protection Board
 3310 El Camino Avenue, Suite 170
 Sacramento, CA 95821

Project Title: Permit No. 19713

Project Applicant (if any): Union Pacific Railroad

Project Location/Address/City/County: The project is located at Milepost 46.53 on the Fresno Subdivision near the city of Sacramento in Sacramento County and spans over Elder Creek between Reese Road and French Road, approximately 0.2 mile north of Gerber Road.

Description of Nature, Purpose, and Beneficiaries of Project: To remove and replace the existing three-span, 42-foot-long timber stringer trestle bridge (#46.53) with a three-span, 42-foot-long bridge with prestressed concrete slab girders that will be installed on existing concrete pier bents. The project also includes installation of pre-cast concrete backwall and handrails. To authorize existing concrete piers bents that will remain in place in the concrete lined channel.

Public Agency Approving Project: Central Valley Flood Protection Board (Board)

Public Agency/Person Carrying Out Project: Union Pacific Railroad

Exempt Status:

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Common Sense Exemption (CEQA Sec 15061(b)(3))
- Categorical Exemption. State type and section number: § 15302 Replacement or Reconstruction
- Statutory Exemption. State code number: § 15275(a)

Reasons Why Project is Exempt:

The project is statutorily exempt under the provisions of CEQA and the State CEQA Guidelines. The Board's approval involves issuing an encroachment permit for replacement of an existing railroad bridge that is related to the institution or increase of passenger or commuter service of rail lines already in use, which is exempt under the statutory exemption of the Public Resources Code Section 21080(b)(10) and CEQA Guidelines Section 15275(a). In addition, the project is exempt from CEQA under the Class 2, Replacement or Reconstruction (CEQA Guidelines § 15302), because the activity consists of replacement and reconstruction of an existing structure in the same location and will have substantially the same purpose and capacity as the replaced structure. Further, none of the exceptions to the exemption in CEQA Guidelines § 15300.2 apply.
