

**CALIFORNIA ARMY NATIONAL GUARD  
NOTICE OF INTENT TO ADOPT NEGATIVE DECLARATION**

NOTICE IS HEARBY GIVEN that the California Army National Guard will consider adoption of a Mitigated Negative Declaration in accordance with the California Environmental Quality Act and approval of the following project:

**Project Title:** Camp San Luis Obispo Vehicular Bridge 3 Replacement Project

**Applicant:** California Army National Guard

**Project Location:** The project spans Dairy Creek in the main cantonment of Camp San Luis Obispo.

**Project Description:** California Military Department (CMD) is proposing to replace an existing vehicular gate and a vehicular bridge (Bridge 3) to address the current structural deficiencies. The Project is located within Camp San Luis Obispo, located approximately 3 linear miles west of the City of San Luis Obispo. The replacement bridge would be in generally the same location as the existing bridge but would encompass a larger footprint to include a sidewalk. The bridge would support an existing sewer line, as well as conduits for future power, telecommunications, and bridge luminaires. The vehicle speed limit is expected to be 35 miles per hour with Class 40 loading. The proposed bridge includes improvements to the following: Bridge structure (expanded drive lanes), bridge deck drainage, bridge lighting (Light Emitting Diodes to match lighting standards), and temporary relocation and replacement of local utilities. Additionally, improvements are proposed to the existing vehicle access gate and a proposed pedestrian access gate near Bridge 3.

The Public Review Period for the proposed Negative Declaration will commence on 8 June 2023, and end on 7 July 2023. All interested parties are welcome to comment on the proposed Mitigated Negative Declaration.

**FINDING**

The California Army National Guard has reviewed the above project in accordance with the Rules and Procedures for the Implementation of the California Environmental quality Act and has determined that an Environmental Impact Report need not be prepared because:

- Although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because mitigation measures described in the Initial Study and hereby made a part of Negative Declaration have been added to the project.

The Initial Study which provides the basis for this determination is available online at <https://ceqanet.opr.ca.gov/> and the Camp San Luis Obispo Environmental Office, Camp San Luis Obispo, 10 Sonoma Ave, Building 1300, Camp San Luis Obispo, CA 93405.

**NOTICE**

The public is invited to provide written comment on the Draft Negative Declaration. The appropriateness of the Draft Negative Declaration will be reconsidered in light of the comments received. Questions about and comments on the proposed project and Mitigated Negative Declaration may be mailed to the California Army National Guard-Environmental Directorate at Camp San Luis Obispo, 10 Sonoma Ave, Building 1300, Camp San Luis Obispo, CA 93405 provided that any comments are received prior to close of the public review period. Should you have any questions about this project, please call Major Brian Woods, Project Manager, CANG Facilities & Infrastructure. 805.748.1232 or send email to [brian.d.woods26.mil@army.mil](mailto:brian.d.woods26.mil@army.mil).
