You don't often get email from [aacuna@cityofgardena.org](mailto:aacuna@cityofgardena.org). [Learn why this is important](#)

Good Afternoon Richard,

Thank you for your comment. As you indicated, the City has already approved this project and a Notice of Determination was filed on March 3, 2025. A thorough analysis was undertaken and all necessary mitigation measures adopted.

Please be advised that the project site does not adjoin the UPRR tracks. There is actually a strip of property between the project site and the tracks which belongs to the Los Angeles County Flood Control District. Except for the security fence between the Applicant's property and Flood Control's property, no improvements will be made on the eastern edge of the project and there will be no crossing of either the tracks or the County Flood Control property on the eastern edge.

If there are any further questions involving the project, please feel free to reach out.

Thank you,

**Amanda Acuna**

Caution! This message was sent from outside your organization.

Hi Amanda,

Please find attached the California Public Utilities Commission's reply to SCH 2023060263, titled "1450 Artesia Specific Plan EIR" by the city of Gardena. Please do let

me know if you have any questions.

Best,  
Richard
