Project Title: Bahama Village Marina Dock Replacement Project

Project Applicant: Bahama Village Docks, Inc.

Project Location – Specific: Along the waterfront of residences located on Catspaw Cape, Coronado, CA 92118 (approx. center readings: latitude 32.625185, longitude -117.134061)

Project Location – City: Coronado

Project Location: San Diego County

Description of Nature, Purpose, and Beneficiaries of Project: The purpose of the Project is to remove and replace specific dock floats and pilings that are beyond their useful life to ensure continued safe recreational use of the existing private marina. The Project Applicant proposes in-kind replacement of 10,266 square feet of specific deteriorated mainwalk and finger dock floats, removal of 66 deteriorated 12-inch square concrete piles, and installation of 42 new 12-inch square concrete piles. The dock replacement will be performed by floating in/out the mainwalk float and dock finger sections with a small work vessel and by using hand tools to remove/cut hardware to separate the sections and to assemble the sections. The pile replacement will be performed using direct pull and jetting methods from a small barge mounted with a crane, and standard best management practices and visual monitoring will be implemented to control the discharges and protect water quality. The Project will result in an overall reduction of 24 piles from San Diego Bay, a net decrease of 0.0006 acre of fill.

Name of Public Agency Approving Project: California Regional Water Quality Control Board, San Diego Region

Name of Persons or Agency Carrying Out Project: William Maxam, President

Exempt Status (check one):

- Ministerial (Sec. 21080(b)(1); 15268).
- Declared Emergency (Sec. 21080(b)(3); 15269(a)).
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c)).
- Categorical Exemption. State type and section number: Class 2, Section 15302
- Statutory Exemption. State code number: _____

Reason why project is exempt: The project is categorically exempt because the project will replace and reconstruct an existing private facility where the reconstructed facility will be located on the same site and have substantially the same purpose and capacity.

Responsible Agency
