Good morning Josh,

Hope you had a great weekend!

I received a response from the Fernandeno Tataviam Band of Mission Indians Tribe, that indicated it would like to consult on the Mission Road Project. It looks like the Tribe has a new consultation intake form that is intended to be filled out by

the applicant or rep. The email from the FTBMI that I've forwarded to you has a link to the consultation intake form. There also appears to be a \$75 processing fee. Let me know if you have any questions.

Have a great day!

Thanks for forwarding. Would you be available tomorrow afternoon to hop on a quick call about this? I looked over the form and questions and want to make sure I am responding correctly – primarily regarding which items are and are not required by the Lead Agency.

No problem. And just to provide you with an update on the Sacred Lands File Search for the project, I submitted the SLFS request to the Native American Heritage Commission, and received an email stating that it will likely be 4 weeks before their office is able to respond to the request. The applicant will be providing the LADBS Soils Approval Letter.

Hi Trevor,

Understood about the SLF. The soils approval is not really what I'm after, unless that contains information about the type of soil on site, I typically need to review the soils report to review the different soil types.

Hi Sarah,

I just received a letter from the Native American Heritage Commission regarding the Sacred Lands File Search. I've attached a copy of the NAHC Letter, as well as the list of Native American Tribes who may have knowledge of the cultural resources in the project area, below.

Has your office received the Tribal Consultation request application from the applicant's rep?

Thanks,

Hi Sarah,

I just received a letter from the Native American Heritage Commission regarding the Sacred Lands File Search. I've attached a copy of the NAHC Letter, as well as the list of Native American Tribes who may have knowledge of the cultural resources in the project area, below.

Has your office received the Tribal Consultation request application from the applicant's rep?

Hi Sarah,

I just received a letter from the Native American Heritage Commission regarding the Sacred Lands File Search. I've attached a copy of the NAHC Letter, as well as the list of Native American Tribes who may have knowledge of the cultural resources in the project area, below.

Has your office received the Tribal Consultation request application from the applicant's rep?

Thanks,

Trevor

Good morning Sarah,

Thanks for checking in. I had a meeting with the applicant's rep yesterday. They should be submitting the tribal consultation in-take form within the next day or to. In the meantime, I have submitted the Sacred Lands File Search request to the Native American Heritage Commission. I will forward the results to your office once I receive them.

Thanks,

Trevor

Hi Sarah,

The applicant's rep wants to know which reports they need to provide to initiate the Tribal Consultation (i.e. SCCIC Report, Sacred Lands File Search, CHRIS Report etc.) Any info/guidance would be greatly appreciated.

Thanks,

Trevor
