Present Land Use/Zoning/General Plan Designation:

Varies throughout entire City

Project Description: (please use a separate page if necessary)

The project involves a comprehensive update to the City of Solvang General Plan, which presents the community's vision for Solvang through the General Plan horizon (year 2045). The General Plan serves as the City's primary guide for land use and development decisions and is a key tool for influencing and improving the quality of life for residents and businesses. As such, it serves as the "blueprint" for future development and conservation of a community. The General Plan will also influence the rezoning of properties to be consistent with the Housing Element and other proposed zoning changes.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
