PROJECT TITLE: Project Homekey – Hope the Mission, Palmdale

PROJECT LOCATION -- Specific: 130 E Palmdale Blvd, Palmdale, CA, 93550

PROJECT LOCATION – City: Palmdale

PROJECT LOCATION – County: Los Angeles

DESCRIPTION OF NATURE, PURPOSE, AND BENEFICIARIES OF PROJECT: The State's Homekey Program (Homekey), has made funding available for local jurisdictions to purchase hotels and other properties to be used as interim and permanent housing for people experiencing homelessness (PEH). In late 2022, the California Department of Housing and Community Development (HCD) announced the availability of approximately \$736 million of Homekey grant funding through its Round 3 Notice of Funding Availability (NOFA). In December 2022, the County's Chief Executive Office (CEO) released a Request for Statement of Qualifications (RFSI) for the identification of nonprofit or for-profit entities (Corporations) eligible to apply jointly with the County of Los Angeles (County) for the Homekey Round 3 NOFA. In February 2023, the CEO released a Request for Services (RFS), which eligible Corporations had the opportunity to respond to with project proposals. Selected Corporations would own and, in some cases, operate properties acquired through Homekey Round 3. The County received more than 30 responses to the RFS and identified 11 Corporations with whom to submit applications to HCD by July 28, 2023. Selected Corporations have performed due diligence on the properties to ensure the properties are appropriate for use as interim or permanent supportive housing for PEH, and to support a fair market purchase price for the properties. The State's Homekey Round 3 funds will be used to pay for the cost to acquire, develop, and/or rehabilitate each property. In some cases, a local match will be required to acquire, develop, and/or rehabilitate each property. On May 2, 2023, the County authorized applications for 11 proposed Homekey projects, and found the projects to be exempt from CEQA.

This Project consists of the conversion of a 100-unit motel into 75 units of permanent supportive housing. Unit upgrades include new windows, doors, kitchens, PTAC air conditioning units, and floor/wall coverings. Exterior upgrades include replacing the roof, exterior painting, updating the exterior fencing, vehicular gate, installing security cameras, replacing asphalt, and making ADA surface improvements. The pool will be filled in and replaced with outdoor gathering space and native/drought resistant landscaping. The boiler will be replaced, and electric and plumbing systems will be repaired. The manager's unit will be converted to services space. A fire sprinkler and fire alarm system will be installed. For urban greening, trees will be planted for shade and carbon sequestration.

Summary of Reasons Why Project is Exempt Attachment

The Project utilizes Homekey grant funds and other public funds and will provide housing units for individuals and families who are experiencing homelessness or who are at risk of homelessness. This Project consists of the conversion of a 100-unit motel into 75 units of permanent supportive housing. Unit upgrades include new windows, doors, kitchens, PTAC air conditioning units, and floor/wall coverings. Exterior upgrades include replacing the roof, exterior painting, updating the exterior fencing, vehicular gate, installing security cameras, replacing asphalt, and making ADA surface improvements. The pool will be filled in and replaced with outdoor gathering space and native/drought resistant landscaping. The boiler will be replaced, and electric and plumbing systems will be repaired. The manager's unit will be converted to services space. A fire sprinkler and fire alarm system will be installed. For urban greening, trees will be planted for shade and carbon sequestration.

The Project is exempt from CEQA because it meets the requirements of Government Code Section 65650 et seq., as it is a "supportive housing" development, as defined therein. It is also exempt because it meets the requirements of Public Resources Code Section 21080.50, as it is an "interim motel housing project" as defined therein. Further, the Project is exempt from CEQA pursuant to Section 21080(b)(4) of the Public Resources Code and Section 15269(c) of the State CEQA Guidelines, which exempts specific actions necessary to prevent or mitigate an emergency, the current homelessness crisis facing the County. The Project is also categorically exempt pursuant to Section 15301 (Existing Facilities), and Class 1, of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G, because the Project consists of the renovation of an existing motel for permanent supportive housing purposes with negligible or no expansion of its existing or former use. In addition, based on the record of the Project, it will comply with all applicable regulations, it is not located in a sensitive environment, there are no unusual circumstances that would have a significant effect on the environment, there are no impacts to scenic highways, it is not located on a hazardous waste site, and there is no indication that it may cause a substantial adverse change in the significance of a historical resource that would make the exemptions inapplicable.
