RE: EPIMPS Justification for Revisions to Notice of Intent (NOI)

This letter serves as a note to the EPIMS file for the Bolinas Lagoon Wye Wetlands Resiliency Project (SCH # 202307006). The purpose of the July 14th revision to the NOI for the Project is to extend the comment period on the Initial Study, Mitigated Negative Declaration. The comment period was originally from July 5th to August 4th. The comment period is now from July 5th to August 8th. This will allow for the public to have time to comment after a publicly noticed site visit that will be conducted on August 4th for the Bolinas Lagoon Advisory Committee (BLAC). The BLAC is an advisory committee appointed by the Marin County Board of Supervisors.
